EU Article 33 Customer Obligations

In June 2007, the European Union Regulation (EC) 1907/2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals ("REACH") entered into force. This Regulation establishes specific duties and obligations on companies that manufacture or import substances on their own, in mixtures or in articles in the European Economic Area (EEA).

Friedrich Lütze GmbH is committed to complying with all applicable REACH obligations. To accomplish this goal, Friedrich Lütze GmbH is writing to you today regarding Article 33 user notification obligations.

Under REACH Article 33, a company has a responsibility to communicate sufficient information available on Substances of Very High Concern ("SVHC") on the Candidate List for Authorisation (published: <https://echa.europa.eu/candidate-list-table>) contained in their articles in concentrations above 0.1 % w/w to their customers and, upon request, to consumers. The information given in this letter is based on the Candidate List of SVHC as of January 21, 2025.

We work closely with our suppliers to ensure that all materials used are "compliant". We rely on their expertise and reporting for compliance and to ensure that, to the best of our knowledge, our products doesn't contain any substance listed in the current published ECHA Candidate list.

Should you have any questions in this regard, please contact your usual contact at Friedrich Lütze GmbH.

Best regards,

Friedrich Lütze GmbH

Dimitrios Koutrouvis
General Manager
